ARROW (1978 motif)

As I was standing in the hall,
A little line came crawling by,
And as I watched he hit the wall,
And heaved a little, tiny sigh.
For this, you see, was irksome news,
A solid wall set in his way,
So changing course he wandered on,
For it would be no use to stay . . .

—Diane Barth, Class of 1977

Aurigan, 1978, Volume 23, is sponsored and prepared by members of the Senior Class, Mount Everett Regional School, Sheffield, Massachusetts. Due to deadline and delivery schedules, this yearbook spans the period of time from February, 1977, to February, 1978.

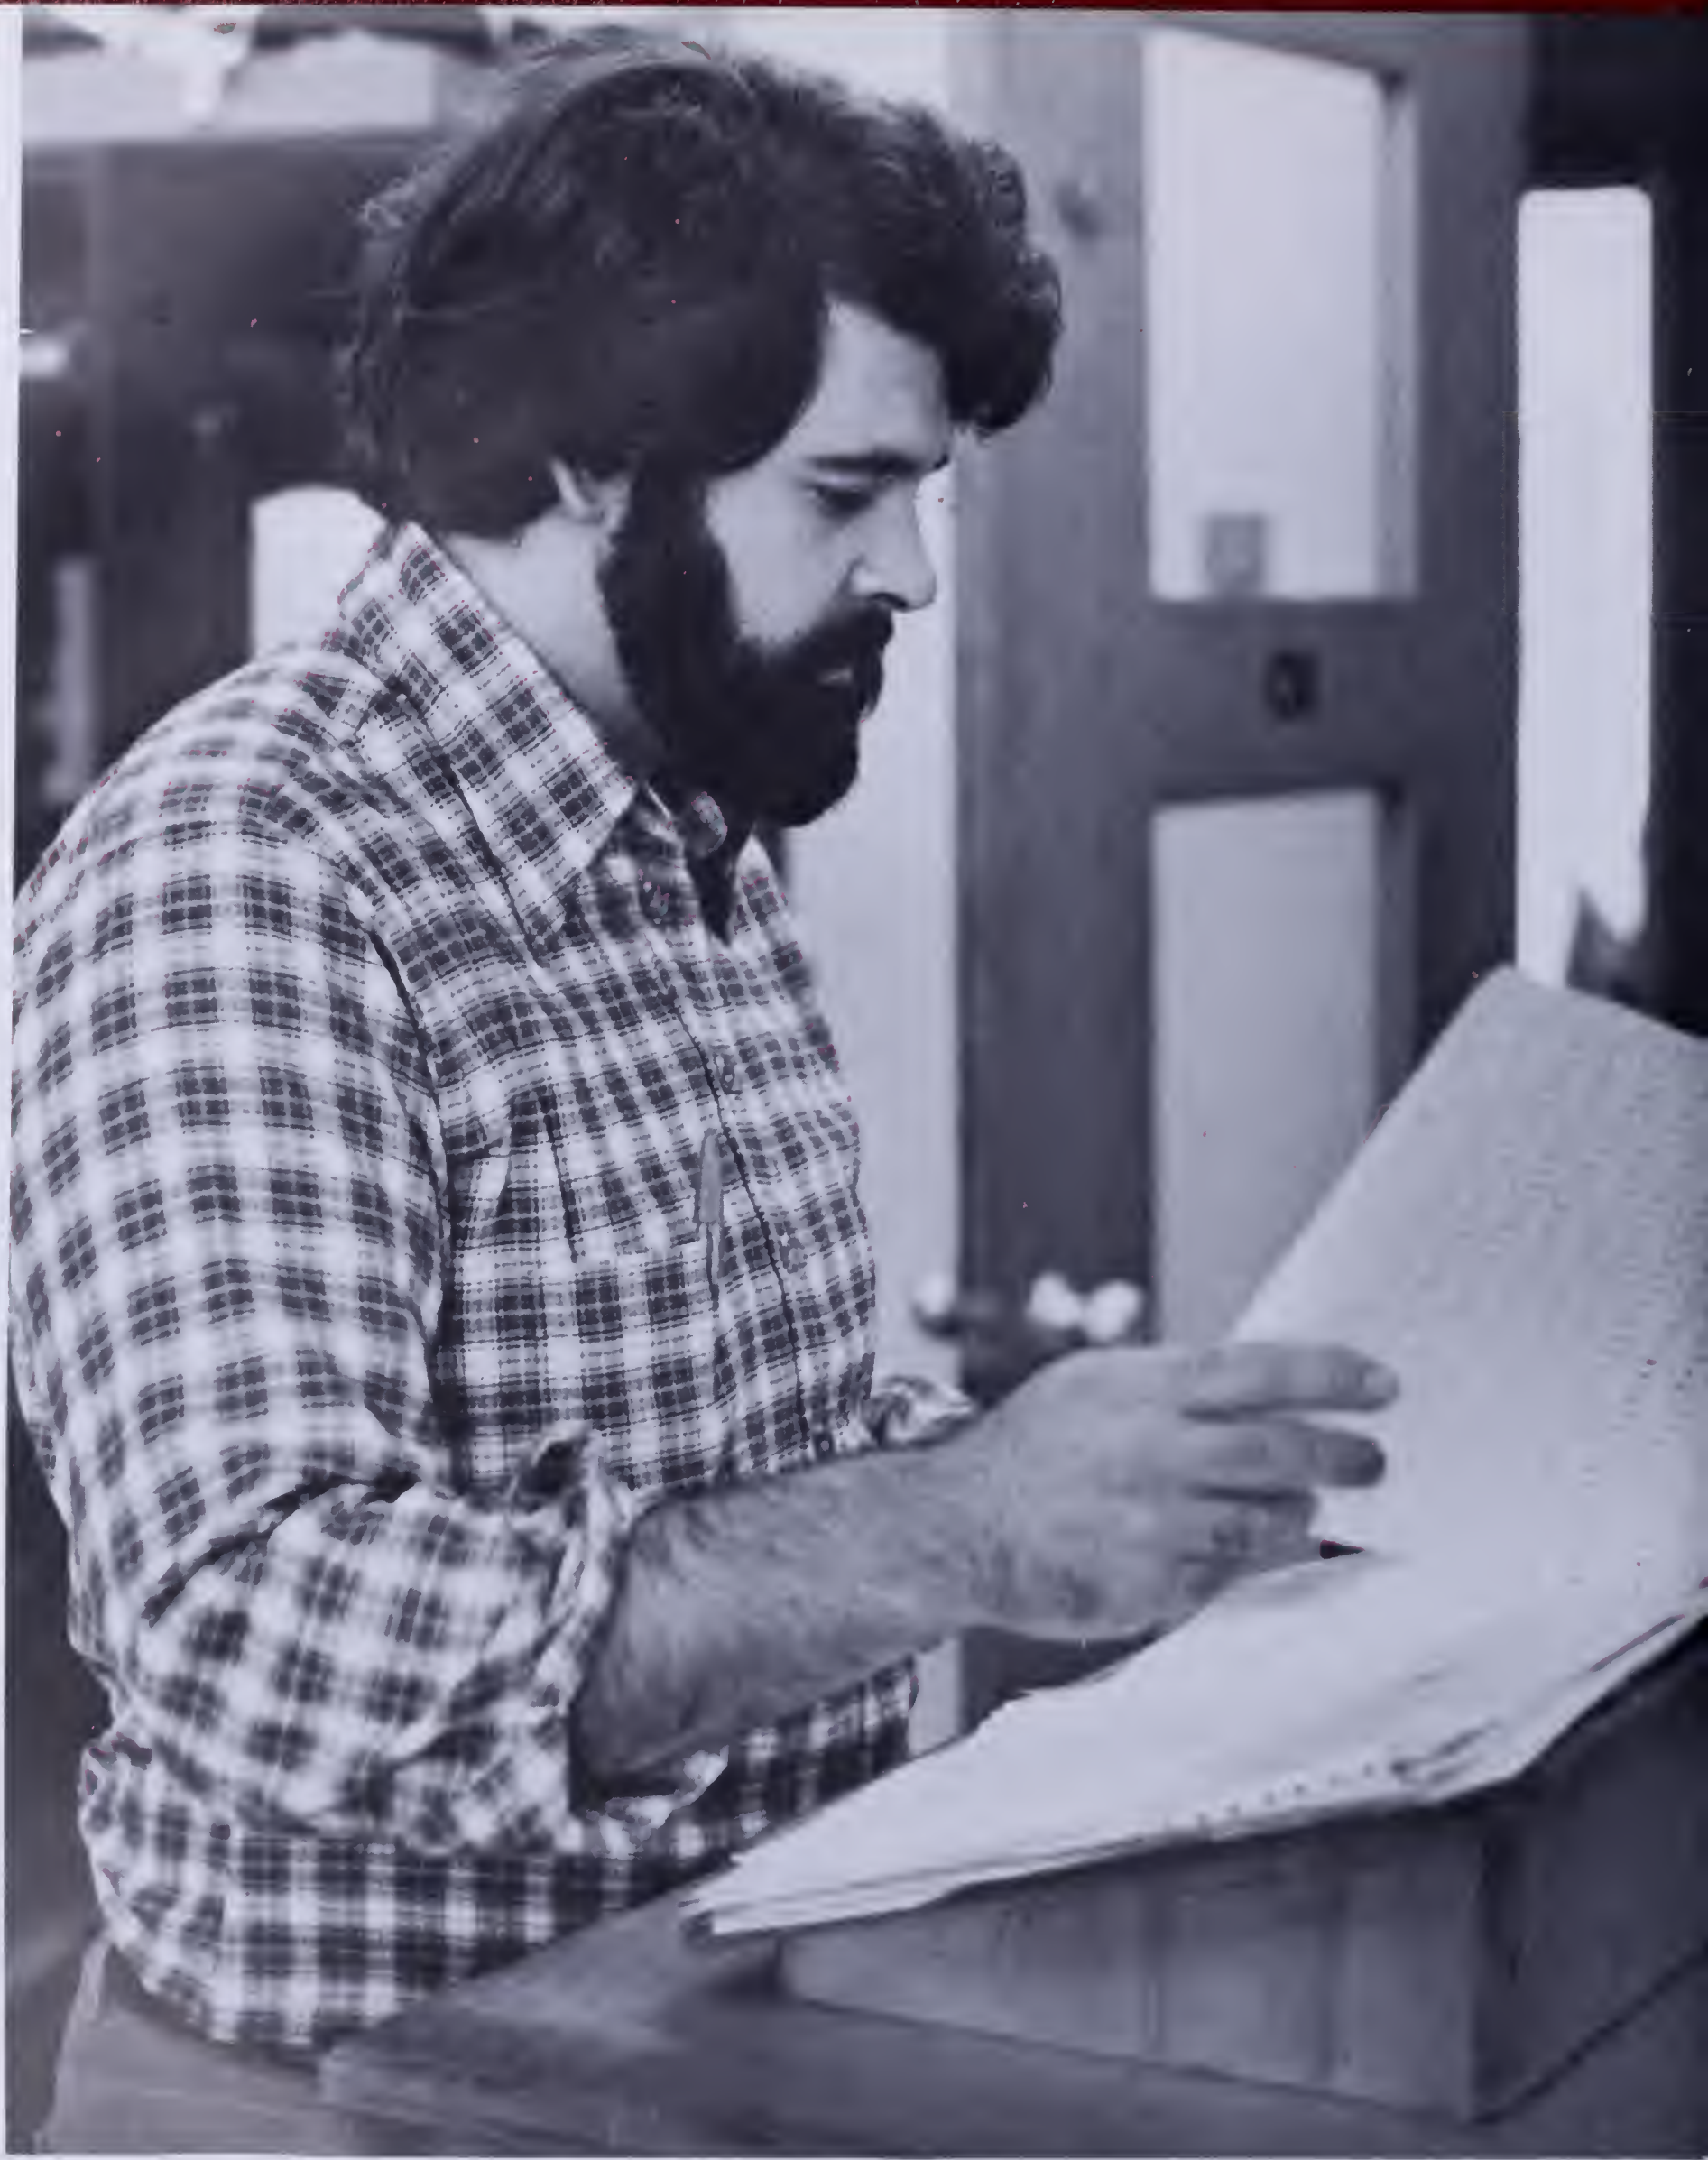

PAULA MIELKE — SPORTS EDITOR

One of the most challenging and difficult positions on the yearbook staff is that of sports editor. The job encompasses a large number of tasks — ranging from drawing layout plans to rationalizing a bad season in one of the sports. Special appreciation and thanks are extended to Paula for her time and contributions to this year's yearbook.

WHAT IS A SENIOR?

BY ELLEN
PATERSON

A senior, by dictionary definition, is a person more advanced in rank, in age, and in wisdom.

To kids in the lower grades, the definition partially applies, with us being incredibly large, very mature, and seemingly almost grown up.

The high school underclassmen just don't agree with the seniors. They feel very competitive toward us, always trying to outdo us in sports, scholastics, and originality (but not successfully).

Ask a teacher what a senior is and his first reaction is, "A senior is someone who suddenly finds himself with more responsibilities than ever before. They are the school leaders."

Ask a senior what a senior is and you will find that being a senior is a lot different from what you would expect. It is the very busiest time of our high school career — what with college applications, demanding teachers, and graduation requirements. It's hard to set a good example when you've got a biology test, student council meeting, vocabulary exam, and a yearbook deadline all on the same day. Seniors have a lot of work and a lot of responsibilities, but we also have a lot of fun on top of it all.

ADMINISTRATION

SBRSD Has New Administration

Beginning in summer of 1977, the Southern Berkshire Regional School District and Mount Everett Regional School have a new administration. Taking over as superintendent is Mr. Consolati, and Mount Everett's new principal is Mr. Chamberland. Mr. Pottle is now vice-principal of grades 5-12, and Mr. Graber is in charge of pupil discipline in grades 5-12. Dr.

Shafiroff, in addition to being special needs administrator and school psychologist, is curriculum administrator for grades 5 and 6. Retaining administrative positions are Mr. Helmrich, district business manager and treasurer, and Mr. Robinson, buildings and grounds superintendent.

FACULTY

Faculty Faces Future Challenges

Under the direction of a completely new administration, the faculty is working toward goals and challenges which will affect future education at Mount Everett. Stage V of the district's curriculum model is now being written, and there will be two years of trials and polishing before the district's evaluation for accreditation comes up. Grading standards are now under study by the faculty, and recommendations in this area will undoubtedly affect course standards. Also, the national trend toward competency exams is felt at Mount Everett; should the state mandate minimum competency tests, as expected, the matter of preparing the greatest number of students possible toward mastery of required skills will be a major concern.

PERSONNEL

The Effort Goes On

Operating a school is a many-faceted effort. Besides administrators and faculty, there must be personnel to take care of processing library books; to plan, prepare, and serve hot lunches; to administer health services; to handle attendance and academic records, telephone calls, and correspondence; to meet and help visitors; to make appointments and distribute schedules; to manage the physical plant and the care of grounds; to distribute supplies and keep the

school clean; and to take care of numerous other jobs that continually require attention. The effort goes on and on and on.

CURRICULUM

Usually Work to Do By Regina Bassett

In the last year there has been a large change at Mount Everett, especially in the curriculum. There are rarely days when you have a boring study hall. There is usually some work to do. It may be a business letter for English, studying eosinophils for biology, or even learning how to flip pancakes. School is not all work; there are times to enjoy yourself, but one must learn when to be humorous and when to be serious.

CURRICULUM (CONT'D)

Many Changes In Curriculum by Dennis Irvine

Over the years, Mount Everett has evolved through numerous curriculum changes. Certainly one of the people who would know is Mr. Dunham.

Robert L. Dunham has been a mathematics teacher at Mount Everett since 1957. During that time he has seen many changes not only in people but also in the curriculum. He saw the "New Math" come in, the advent of Illinois math, and the current rise of the calculator. In this school he has become as fundamental as "Pi" itself.

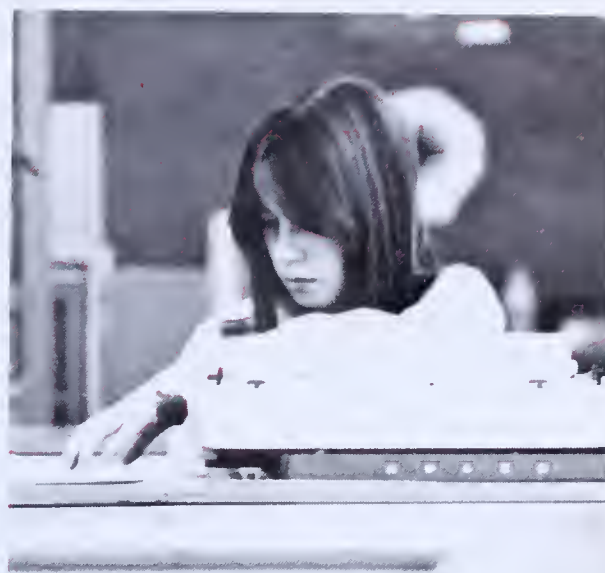

Mr. Dunham has many hobbies—such as clockmaking, sketching, aviation, and even motorcycle riding. He has advised a number of clubs over the years—from a Kite Club to aviation ground school. He tries to help his students in as many ways as he can. It doesn't matter how bad things seem, because one class with Mr. Dunham helps to brighten your day.

Mr. Dunham, we wish you happiness, all the chalk you need for lunch, and many curriculum changes to come.

ACTIVITIES

"Answers, Please" Team Has Success by Andy Black

This year a first has occurred for Mount Everett. The "Answers, Please" team, after a long and determined preparation, enjoyed an overwhelming victory over Broadalbin, 145-75. The five-member team (one alternate) consisting of two sophomores, one junior, and two seniors, made another strong showing when they returned a week later. This time they tied, 100-100.

PLAY

"... Everything But Shakespeare!" by Richard Sturchio

On April 22 and 23, the Class of 1977 presented Thornton Wilder's play, *The Skin of Our Teeth*. The cast survived fire, famine, freezing (during which the edict was to "burn everything but Shakespeare!"), fighting, and floods. The audience survived the play — and thoroughly enjoyed it. And, surprisingly, the director, Mrs. Sally Cook, survived us all.

"If I Ever Lose This Heaven" by Tammy Petersen

The 1977 Junior-Senior Prom, "If I Ever Lose This Heaven" was held at Wyantenuck Country Club on May 21. The prom committee, headed by our class president, Dennis Irvine, spent the day before the prom and the day of the prom collecting lilacs, setting up

tables, and hanging stars on the wall. In the end, we had a great decorating job.

Couples began arriving at 7:00 p.m. and shortly afterwards the line for dinner began. Ralph, a nine-piece band from New York City played background music,

Home-Runs Build 7-5 Record by Paula Mielke

A record-breaking thirteen home-runs last season, headed by Rick Boardman who had 4, brought the Eagles into second place, finishing with a 7-5 record for the season. The big upset of the season was the victory over St. Joe. Vinnie Gulotta hit the winning home run bringing the final score to 7-6. Coach Gauthier is look-

ing forward to an exciting season in 1978. He lost only 5 seniors and predicts another good season.

The J.V.'s also had a good season, ending with a 7-7 record. Jay Cassidy led the team in hits, and Peter McDonald had a good season pitching.

SOFTBALL

Exciting Softball by Valerie Beckwith

Though the season record was not as good as the team might have hoped, the season was certainly a fun and exciting one under the guidance of new coach, Mr. Bozek. There were a few close wins like the 16-15 win over Pittsfield, as well as a few close losses. Varsity ended with 7 wins-12 losses and hopes for a winning season next year.

The J.V.'s had another winning season with a record of 8 wins and 4 losses.

CROSS-COUNTRY — 1977

4-9 Season by Michael Drabik

Varsity Cross-Country had a disappointing season, losing some real tough dual meets by only a matter of seconds and finishing with a 4-9 record. The J.V.'s ended their season with a successful 10-2 mark. In the Berkshire County Meet on October 22, the varsity placed fifth out of ten teams, only two points away from the Southern Division winners. J.V. finished third out of ten teams. At the Western Massachusetts meet held in Pittsfield on October 29, the varsity ended with a very respectable eighth of twenty-two teams in Division II. In spite of team defeats, in a sport like cross-country one never really loses. A person can always compete against his own best time and "win," even if his team loses on that particular day. In cross-country one can only win.

FOOTBALL

Defeat Without Losing Heart By Paula Mielke

Football had a tough season. Youth and inexperience were against the Eagles, but they put up a good fight. Their ability to play football stood out — better than their record indicates. The Eagles showed potential — Rich Sturchio broke a single game record with 27 tackles and a seasonal record with 156. First year players put on some good showings but did not have quite enough

experience. The Eagles are growing in talent while other teams have already hit their peak. Mt. Everett is looking ahead to some great seasons, not letting their previous losses discourage them. Seven seniors will be lost to graduation, but they will remember a team that did not quite make the playoffs and of 23 guys who did not lose heart.

FIELD HOCKEY

Another Good Season By Regina Bassett

Mount Everett's field hockey team, in spite of a rainy season and many postponed games, finished with a 7-4-2 record. The girls' skill and determination to win were evident from their first game when they beat Pittsfield 5-1 at our field. They gave their best effort and placed

second in the Berkshire County League. Once again they participated in the Western Massachusetts Tournaments but lost 1-0 to West Springfield. All in all, it was a good season.

BASKETBALL

Winning Isn't Everything?

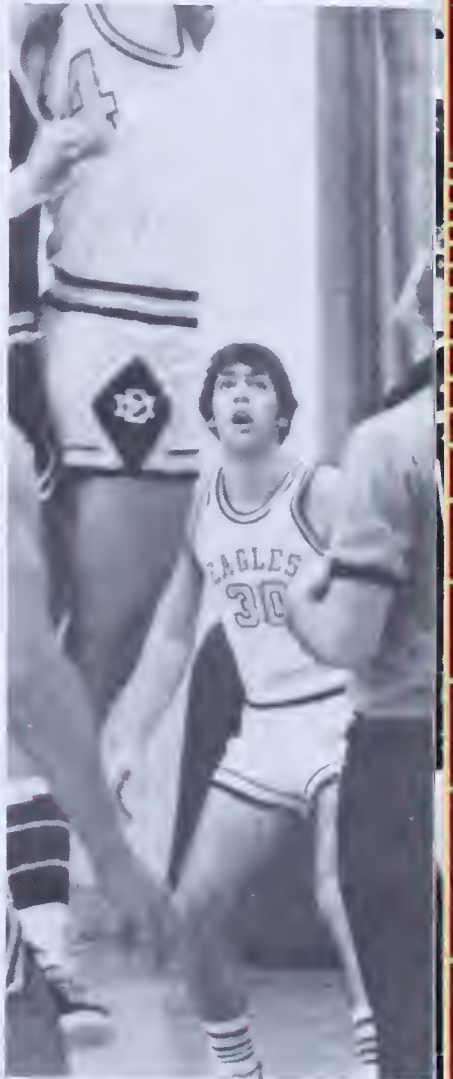

Mouthers of cliches like to remind us that "winning isn't everything; it's how you play the game." As far as the how part goes, we've had a lot of good experiences — along with some that it would be good not to have again. We probably lead the league in the how part. But now we are getting tired of the underdog role; it is time to give the other teams a chance at how ... maybe next year.

Mount Everett girl's basketball team has supplied the school with more excitement than any other sport. Six games this season were decided by less than five points. To add to the excitement, Tricia Brown did what no other Mount Everett athlete had ever done — scored 1000 points in her career — and made Channel Six News.

WRITING

A Wrestler's Experience By Scott Wheeler

With supreme gratitude, for all you have done for, and taught,
me (especially spelling), I thank you.

Seniors' Portraits (Pages 34-38) by
THE STUDIOS OF PHOTOGRAPHY.
Springfield, MA

I recall a shy, non-involved child that
entered Mt Everett. He almost went to Berkshire but he's
happy he stayed here. And with that, thanks again. Rob 79

"Wrestling is an individual's sport. There are no miracles in wrestling. I can't help you once you are out there. Out there you are alone. You prepare for the match the night before. It is the night before when you reviewed your moves. It is the night before when you psyche yourself for the match. And it is the night before when you promise yourself that you will win."

The whistle blows, it is your game now. The coach and team can only sit and yell advice from the side. A mistake, you are losing. The cheering from the side increases; the team will not let him down. Suddenly, with supreme effort he is again on top. The team goes wild yelling, PIN, PIN, PIN, PIN, PIN. It is over, six minutes have passed. He stands at the center of the mat, a victor.

This year has been a special year for the wrestling team. Not only did they have a very successful season with 15 wins and 6 losses, but they also broke a win-loss record that was set in 1967 by the boys basketball team. CONGRATULATIONS, wrestlers.
